

**QSI Belgelendirme Muayene and Test Hizmetleri Co. Ltd.**

**Address** Beytepe Mah. 5397 Sokak B1 Apt. No:1 B/2 Çankaya ANKARA

**Phone** 0 312 472 60 67

**Standard** TS EN ISO 14065: 2013 **File No** AB-0001-DK

**Accreditation Date** 09.05.2018

**Activity Group****Scope of Accreditation**

1 a Burning of fuels at the facilities (For category A and category B facilities where only commercial standard fuels and natural gas are used)

1b Burning of fuels in facilities (without restrictions)

2 Petroleum Refining

3 3.1 Production of coke

3 3.2 Roasting, sintering or pelletizing of metal ore (including sulfur ore)

3 3.3 Production of cast iron and steel (primary and secondary melting), including continuous casting

4 4.1 Production or processing of ferrous metals (including ferrous alloys)

4 4.2 Production of secondary aluminum

4	4.3 Production or processing of non-ferrous metals, including the production of alloys
6	6.1 Production of Clinker
6	6.2 Production of lime or calcination of dolomite or magnesite
6	6.3 Production of glass, including glass fiber
6	6.4 Production of ceramic products by firing
6	6.5 Production of mineral fiber insulation material
6	6.6 Drying or calcination of gypsum or production of gypsum panels and other gypsum products
7	7.1 Production of cellulose from wood or other fibrous materials
7	7.2 Production of paper, paperboard or cardboard
8	8.1 Production of carbon black
8	8.2 Production of ammonia
8	8.3 Production of large volumed organic chemicals by cracking, reforming, partial or complete oxidation or similar processes
8	8.4 Production of hydrogen (H <sub>2</sub> ) and synthesis gas by reforming or partial oxidation

8	8.5 Production of soda ash ( $\text{Na}_2\text{CO}_3$ ) and sodium bicarbonate ( $\text{NaHCO}_3$ )
9	9.1 Production of nitric acid ( $\text{CO}_2$ and $\text{N}_2\text{O}$ emissions)
9	9.2 Production of adipic acid ( $\text{CO}_2$ and $\text{N}_2\text{O}$ emissions)
9	9.3 Production glyoxal and glyoxylic acid ( $\text{CO}_2$ and $\text{N}_2\text{O}$ emissions)
9	9.4 Production of caprolactum
