

## QUALITY POLICY

We are dedicated to providing our customers with world-class Certification and GHG Verification Services with our expert, professional staff and services.

Our aim is to provide our services in an impartial, independent and fair manner in accordance with the agreements we have made with our customers, in line with the requirements of the Turkish Accreditation Agency (TURKAK), TS EN ISO/IEC 17021-1:2015, TS EN ISO 14065:2013, ISO/IEC 27006, ISO 50003 and TS EN ISO/IEC 17065:2013.

To achieve this goal, we designed a management system based on impartiality and objectivity, identified conflicts of interest and possible risks, and we regularly develop and implement this management system. In addition, we set measurable targets to achieve this goal and inspect whether these targets are achieved through regular management reviews. We ensured that our company documentation is adopted, understood and implemented at all levels of the company.

We constantly monitor the effectiveness of our system through regular internal audits and reviews.

In order to ensure our service quality in accordance with the standards we have determined, our internal and external activities are constantly monitored and customer feedback is evaluated. Thanks to these activities, we improve our services in order to provide more added value to our customers.

All QSI employees are responsible for complying with this policy and company procedures.
