1. PURPOSE

The purpose of this instruction is to determine the audit fee according to the number of man/days to be spent on audits and verifications, considering the audit types and organizational structure.

2. SCOPE

This instruction includes Management System Certification, surveillance, re-certification, follow-up and special audits and Greenhouse Gas Verification and will be applied in Halal Certification activities Includes fees.

3. DEFINITIONS

Audit (Man/Day) Fee: It is the fee in Man/Day for the Pre-audit, Stage 1, Stage 2, 1st and 2nd surveillance, scope, expansion, re-certification, unannounced and special audits carried out in the customer organization, calculated according to the Audit Duration Calculation Instruction (number of employees, product variety, etc.).

Market Surveillance Fee: It is the total fee that may be incurred for services provided for market surveillance.

4. REFERENCE DOCUMENTS

- Examination Duration Calculation Instruction

5. APPLICATION

5.1. System & HALAL Certification

- The daily examination fee is applied according to the table below.

| Standard | Fee (TL)+VAT |
|------------------------|--------------|
| ISO 9001/14001/45001 | one thousand |
| ISO 27001/27701/2000-1 | 1500 |
| ISO 50001 | 1500 |
| HALAL | 1500 |

For special audits such as address/scope change, the daily fee is applied twice as much as the fee in the table above.

| Page No/Total. Page | 3/6 | | |

- Examination fees are determined by multiplying the number of days calculated according to the Examination Duration Calculation Instruction for the standard based on the audit and the daily fee in the table above.
- Based on the determined total wages of the General Manager **50%** Has the authority to make discounts or increases.
- International travel and accommodation expenses of the audit team are not included in the stated fees.
- To the customer organization during document renewal and transfer audits **50%** Discount may apply.
- In integrated audits, the customer organization **50%** Discount may apply.
- QSI advises its existing customers to apply for the new standard. **50%** Discount may apply.
- Whether the certification decision is positive or negative does not affect the pricing.

5.1.1. HALAL Certification Market Surveillance Fee

These are all fees that may occur for the services that QSI will provide to carry out market surveillance in accordance with SMIIC Standards. This service fee includes sampling man/day fee, laboratory testing, result evaluation, etc. Transactions are not included and will be added to the total price.

Travel and accommodation expenses of the audit team are not included in this fee. This fee will be invoiced domestically in TL (₺).

Total market surveillance fee; It is calculated by adding expenses such as accommodation, travel and cargo to the total fee when necessary.

VAT is not included in the defined fee items. QSI reserves the right to change this fee. The determined fees are updated through this instruction every year according to the country conditions, determined for the year 2023.

5.2. Product Certification
